(A) word

Naming words

Topic : Analytical Paragraph

- ✓ An analytical paragraph is a written text that gives descriptive analysis of the information given in the form of chart, graphs, clues, table etc.
- ✓ It entails dissecting a specific topic, idea, or concept in a detailed and thoughtful manner.
- ✓ The primary goal of an analytical paragraph is to provide an in-depth analysis, interpretation, or evaluation of the subject matter, often with the aim of uncovering underlying patterns, relationships, or implications.

Topic : Key Points

- Marks- 5
 - Word Limit- 100-120 Words | Points
 - Information Given- Chart/ Graph/ Clues/ Outline/ Table etc.
 - Descriptive Analysis of the given information
- 10-15 words - 1 point → 6-8 points

Topic : Tips

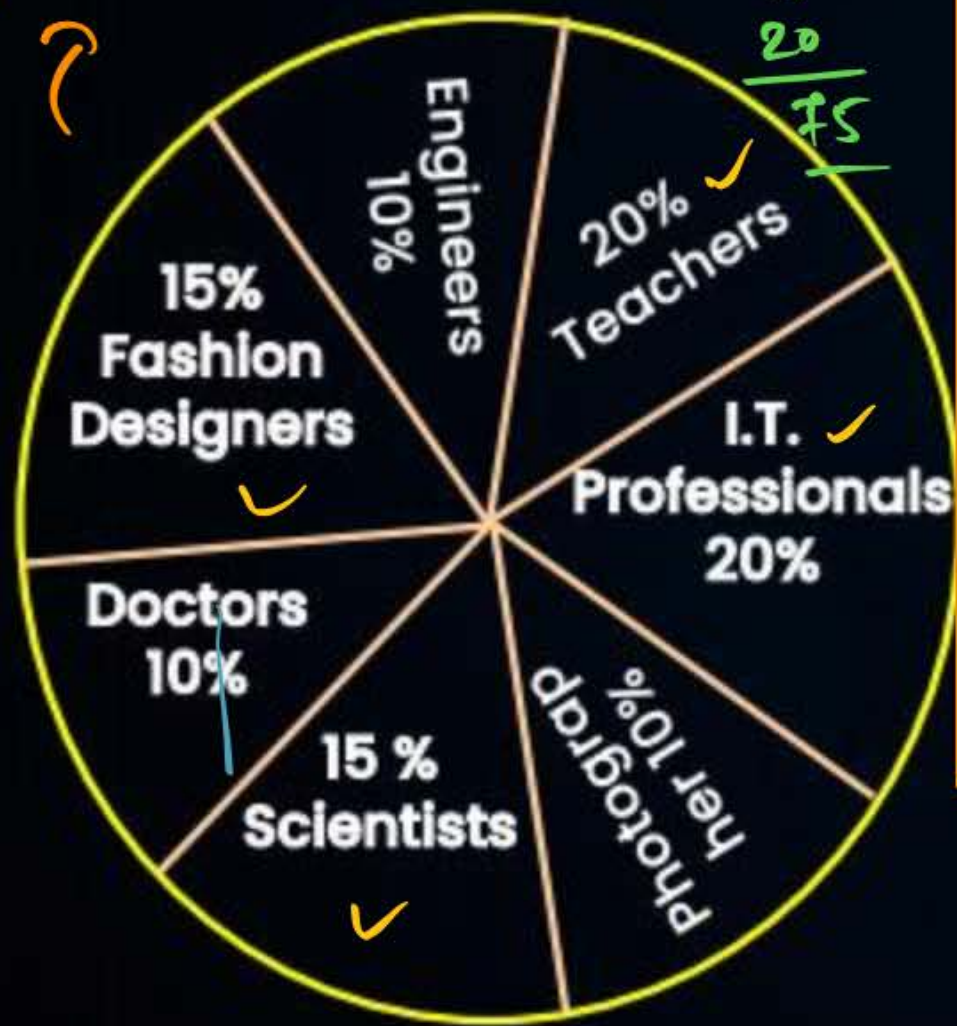

- For writing an analytical paragraph, the following strategies need to be kept in mind: –
 - ✓ Understand the given data carefully.
 - ✓ Understand the topic on which analytical paragraph is to be written. *question*
 - ✓ Carefully study the trends, figures and information given for analysis.
 - ✓ Describe the facts
 - ✓ Cover maximum information given in the graphs/data
 - ✓ ~~Use simple language~~

- ✓ ■ Mention the data accurately.
- ✓ ■ Don't add any personal fact/observation.
- ✓ ■ No graph required in answer. ✱

#Q. In an exclusive survey conducted by a leading daily, student of Class X expressed their job preferences. On the basis of the information given in the pie chart, write a paragraph analysing the careers they want to pursue after school. (words limit 100-120 words.)

Pie-chart

✓ 20% - Teachers, I.T. Prof.
 ✓ 15% - Scientists, Fashion Designers
 ✓ 10% - Engineers, Doctors, Photographers

① Highest (Most preferred profession)
 - Teachers, I.T.

② Lowest (least preferred profession)
 ↳ Engineers, Doctors, photographers

③ 75% ($\frac{3}{4}$ th) - preferred conventional professions

④ 25% ($\frac{1}{4}$) - Unconventional (photog, fashion)

Intro The given pie-chart describes/illustrates/depicts job preferences of grade 10 Students after they pass-out.

Body Most preferred professions among the students were teaching and I.T. with a weightage of 20% each. Engineering, Dentary and Photography are the least-preferred professions with a weightage of 10% each.

$\frac{3}{4}$ th of the total Students were inclined towards Conventional professions ————— while only $\frac{1}{4}$ (25%) were inclined towards unconventional professions like Photography and Fashion designing.

Conclusion

Overall / In a nutshell / In conclusion, we should spread awareness about unconventional professions like photography and fashion

- designing as they amount for only 25% of total preferences.

Moreover, we need to aware young students of many contemporary professions like youtubing, vlogging, social media influencing, etc. as they are very lucrative and could be very good career options.

- ① Introduction
- ② Body - facts
- ③ Conclusion - Summary, predict

Topic : Analytical Paragraph

Elements of An Analytical Paragraph

- Introduction: Explain Subject of graph/ data

Make a clear statement or give a title to your para about what you want to communicate based on the given data.

Playing	30%	15%
Dancing	13%	40%
Yoga	15%	15%

① Lowest

② Highest

③ Comparison

④ Conclusion

H.W.

P-10,

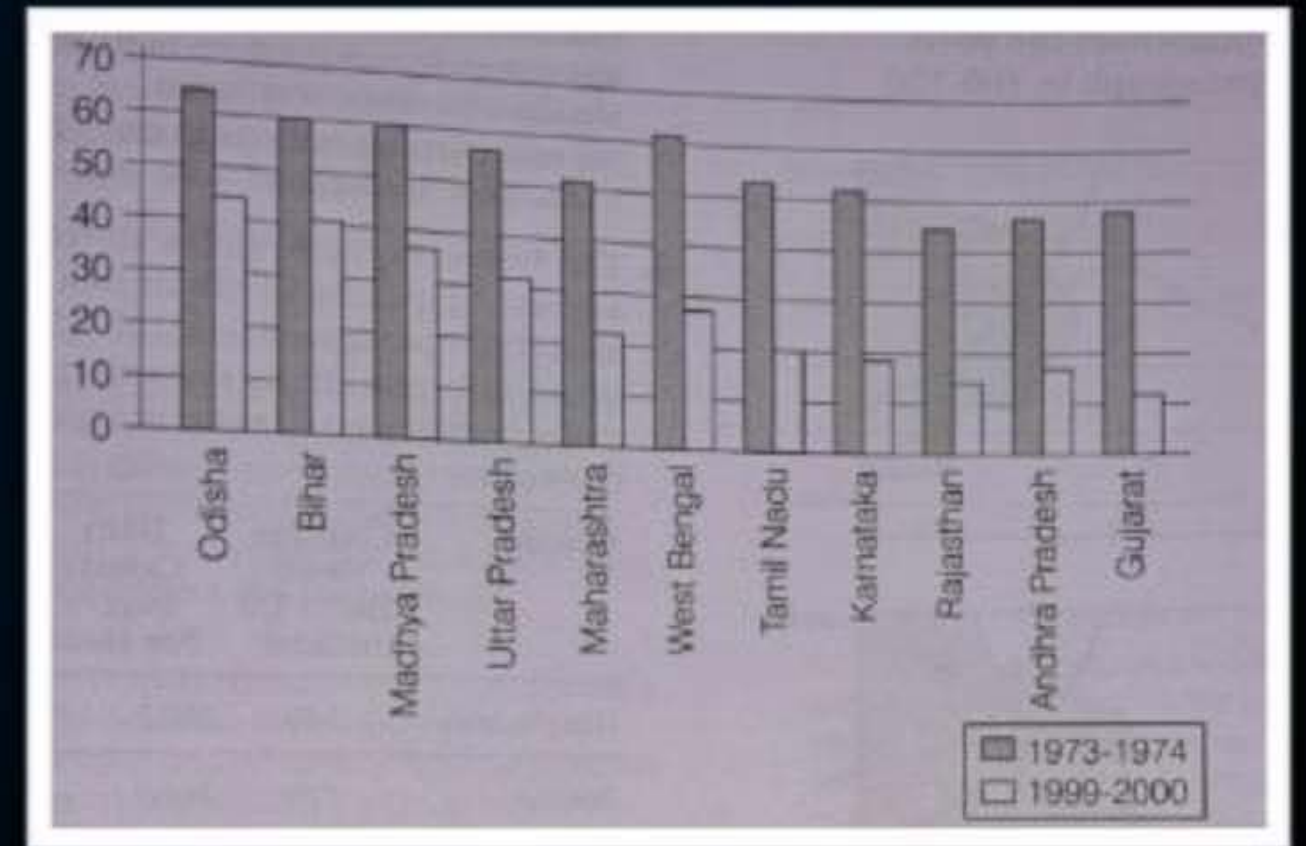

#Q. Read the following excerpt taken from an article that appeared in the magazine section of a local daily:

Causes — { Eating habits
Lifestyle

(A recent study has revealed that the prevalence of obesity among school children is on a steady rise.) Consumption of food with high glycemic index, change in sleep patterns, reduced physical activity and the increased screen time has been linked to obesity in children. This is an emerging public health Problem in the country."

Taking help from the above, write an analytical paragraph for your school magazine in about 120 words. You are Sonika/Sahil.

#Q. Given alongside is a graph that pertains to the percentage of the population living below the poverty line across different states of India in two years, 1973-74 and 1999-2000. Use the information provided to write a paragraph on the age-old problem of poverty in India. Mention the regional trends and the way the scenario has changed over the years.

Title

Poverty : A Perennial Problem in India

Poverty in India has manifested itself in many ways. It has become one of the major ever continuous problems that our country faces today.

The given bar graph compares the percentage of the population living below the poverty line across different states of India in the years, 1973-74 and 1999-2000.

Thus, a lot need to be done to completely eradicate this social evil from the country.

Introduction: (This paragraph contains the topic statement, the claim or the central argument of the analysis)

Overview: This paragraph contains the main points of the analysis. It contains the evidence and the explanations that justify your argument)

Conclusion: The last paragraph reinstates the main argument of the whole paragraph.

THANK
YOU
